Gentlemen:

We are very much disappointed in not receiving the furniture that you were going to have sent for us to 80 Franklin Place, Flushing, N.Y., and which you got from 1057 Beacon Street, Brookline. We are leaving for the country on June 26th, and we must have it by that date. Can you possibly find some other van that could take it to Flushing in case the man you had in mind can not do it?

Very truly yours,

Gentlemen:

Your letter just at hand, and I wish to thank you for the attention you have given to this lot of furniture coming to Flushing. I trust that we shall receive the things early Wednesday morning.

Very truly yours,
